## RP Safety Rally

### **RP is focused on safety!**

Rosborough Partners hosted our annual Safety Rally in April to reinforce the importance of safe work practices across our entire team. The training covered proper procedures for ensuring safety at client sites, while traveling, and within the yard itself. This commitment to safety helps us minimize the risk of property damage and personal injury, allowing us to focus on providing exceptional service to our clients.

Leading the charge on this annual tradition is Steve Bartlett, our dedicated Safety Manager. With the invaluable support of our incredible staff, Steve ensures every team member receives comprehensive training. This training covers the safe operation of

power equipment, proper handling of plant materials and garden tools, and the safe operation of trucks and other motor vehicles.

This commitment to safety helps us minimize the risk of property damage and personal injury, allowing us to focus on providing exceptional service to our clients.

Want to see our team in safety training action? Take a peek at the video:

## Cicada update

Depending on your location, some client sites might be seeing a surge of cicadas emerging from the ground. The number of discarded shells can vary greatly. If your site requires additional cleanup due to excessive remnants, don't hesitate to contact us – we're happy to help!

Follow us on Facebook for pertinent landscape information:

## Garden Stewardship

This week, in addition to regularly scheduled maintenance services, our team will be focused on the following:

### Perennial care

## Plant Health Care

Our team will be performing the following services this week as weather permits:

**Rose care**

**Organic turf fertilizer**

**Weed control**

**Boxwood fungicide**

**Bore prevention**

**Chinch prevention**

**Animal repellent**

**Slug control**

---
